LinkedIn: linkedin.com/in/dinesh-kumar
Portfolio: dineshkumar.framer.portfolio/

Product Designer with 3+ years of experience designing SaaS products and enterprise applications across healthcare. Experienced in translating complex business and user requirements into intuitive user experiences, scalable design systems, responsive interfaces, dashboards, and configurable workflows. Proficient in Figma, interaction design, prototyping, responsive design and design systems. Strong experience collaborating with product managers and engineers in Agile environments to deliver user-centered solutions that improve adoption, usability, efficiency and product outcomes.

Professional Experience

UST Healthproof | Product Designer | Aug 2022 to Dec 2025

Quality360™ HEDIS – Healthcare Quality & Measurement SaaS

- **Led the end-to-end UX design of Quality360**, an insight-driven quality improvement platform at UST HealthProof, which significantly improved HEDIS report data retrieval efficiency by **83%**, helping healthcare entities manage regulatory reporting.
- **Architected the UX for the Chase Configuration module** within Quality360 to retrieve correct medical records from the HEDIS engine for care gap closure, which contributed to the platform's overall **72%** improvement in quality scores.
- **Led the UX design of the Measure Configuration module** within Quality360 to provide healthcare entities with a comprehensive list of highly configurable measures, which contributed to an overall **87%** improvement in the measure scorecard.
- **Developed and maintained scalable design systems**, reusable components, and standardized UI patterns, improving product consistency by 50% and reducing design rework by **20%.**
- **Partnered with product managers and engineers** to design new features and optimize existing workflows, contributing to a **20% increase in user engagement** and accelerating release cycles by **30%**.

Insitz Plus – Healthcare Business Intelligence & Analytics SaaS

- **Designed the INSITZ UI**, a business intelligence, analytics, and dashboard reporting solution, improving reporting efficiency by **30%** and reducing manual effort by **25%.**
- **Designed executive dashboards, analytics experiences, data visualizations, governance reports, filtering systems, and self-service workflows**, helping users interpret complex healthcare data and accelerating decision-making by **20%**.
- **Created reusable dashboard and data visualization patterns**, improving design consistency by **40%**, increasing scalability across projects, and improving usability scores by **35%**.
- **Leveraged AI-assisted design workflows and MCP methodologies** to accelerate design exploration by **40%,** automate **25+** repetitive tasks, and improve design productivity by **30%** across multiple product lines.

Core Skills

Design Tools

Figma, Adobe XD, Illustrator, Photoshop, Adobe Creative Cloud, Camtasia Studio

Product Design

Product Thinking, UX/UI Design, Interaction Design, User Flows, Information Architecture, Wireframing, Prototyping, Responsive Design, Usability, Visual Design

Design Systems

Dashboard Design, Data Visualization, Analytics UX, Configurable Workflows, Self-Service Workflows, Reporting Interfaces, Healthcare SaaS

AI Tools

Claude, Google Antigravity IDF, Midjourney, Perplexity, Figma AI, Framer AI

Education History

B.Tech Mechanical Engineering

SRM University, Kattankulathur, Chennai, Tamil Nadu, India
2011 Passed out

Professional Development

UX & UI Design (Oct 2025 to Mar 2026), UX Mint, OMR, Chennai

Six Sigma Greenbelt

Languages Known

English and Tamil

Pulse360

- **Redesigned the Pulse360 interface,** improving visual hierarchy, clarity, and interaction patterns across the product and contributing to a **20% improvement in user experience**.
- **Translated complex member engagement and healthcare data requirements into intuitive user journeys**, workflows, and dashboards, increasing user adoption by **35%** and reducing onboarding time by **25%.**
- **Maintained and scaled the Pulse360 design system**, standardizing UI components and improving design consistency by **40%**.

Cross - Product Responsibilities

- Designed **12+ flyers, 8 brochures, and 20+ business presentations** that enhanced client engagement and strengthened brand consistency.
- Edited product video manuals that enabled product teams to demonstrate features effectively, increasing training efficiency and reducing onboarding time by **20%**.

Achievements

Recognized as a **Rising Star** in both 2022 and 2023 for outstanding design contributions

Novalnet E-Solutions Pvt. Ltd | Tech Writer | 2021 to 2022

- Authored SRS, user manuals, and technical documentation; designed brochures, templates, and presentations to strengthen product communication and boost client engagement.

Solverminds Solutions & Technology | Tech Writer | 2019 to 2020

- Developed manuals aligned with MSTP and style guides; produced flow diagrams, online help, and video tutorials to improve enterprise solution adoption and user training.

ISO Access Pvt. Ltd | Tech Writer | 2017 to 2019

- Drafted user manuals, training guides, and instructional documents, enhancing product adoption and streamlining knowledge transfer.

Early Roles

TRIL Info Park Ltd, Executive, (2014–2016)
Delight Engineering Industries, Supervisor, (2012–2013)
